

Fahad Ul Hassan Mattoo  
Machine Learning Engineer  
<https://www.linkedin.com/in/mattoofahad>  
+92-301-5706568  
mattoofahad@hotmail.com

## Background & Experience

- MS Mechatronics (2023) [CEME NUST]
- Research Engineer (Current) [8 months] {Deep Learning & Computer Vision}
- Jr. Data Scientist [1 year] {Deep Learning, Data Analytics, & Product Analyst}

## Interests

- Domain:** Pattern Recognition, Computer Vision, & Natural Language Processing.
- Languages:** Python, MATLAB/Octave, PostgreSQL, HTML, CSS.
- Frameworks:** TensorFlow, Keras, PyTorch, Scikit-Learn
- Others:** Ubuntu/Linux, Git, Docker.

## Projects Portfolio

- Framework for Human Activity Recognition. [Mid Top]
- Non-invasive bottle level measuring system.
- Trained a deep learning model for Named Entity Recognition. [Right Mid (right)]
- Compared various OCR's engine on-Device (Apple). [Right Top]
- Autonomous Meter Reading system. [Right Mid (left)]
- Wireframe designs for a mobile application. [Right Bottom]
